Sunquest Physician Portal

Designed to support Physician Integration

A Leading Order Entry and Results Reporting solution, Sunquest Physician Portal is an essential tool for successful laboratory outreach or inreach programs, providing a solid foundation for clean orders and reliable results reporting.

**MULTI-STAGE ELECTRONIC ORDERS**
- Deliver up to 100% your inreach and outreach orders to the LIS electronically
- Configure order workflows based on physician or specialty
- Auto-print requisitions, ABNs and specimen labels at the time of order or specimen collection
- Generate instrument-ready barcode labels to improve specimen intake at the lab
- Capture and route orders based on performing location, payor or other criteria

**ENHANCED LAB REPORTING**
- Configure specialized results delivery workflows by site and user preferences, using the sophisticated results forwarding engine
- Customize report formats with the option to combine Clinical and Anatomic reports
- Deliver partials, finals and critical or abnormal results according to individual physician preferences
- Create cumulative reports including inpatient, outpatient, inreach, and outreach results
- Versatile PDF and embedded image support

**OPTIONAL SOLUTIONS AND DEPLOYMENT MODELS**
- Deployed as an ASP or lab hosted solution
- Support for anatomic pathology, radiology and other ancillaries

**Don’t Let Dirty, Incomplete Orders Prevent You From Getting Paid**
STREAMLINE YOUR LABS OPERATIONAL EFFICIENCY

Sunquest Physician Portal can help reduce write-offs, accelerate collections and increase operational efficiency. It does this by providing the tools necessary to reduce data entry errors, increase customer satisfaction and ensure complete and accurate billing and clinical information.

About Sunquest • The One delivering labs to new heights

Sunquest Information Systems Inc. provides diagnostic informatics solutions to laboratories worldwide. With our wide-ranging technical and cross-discipline expertise, and equally deep business acumen, no one is better equipped than Sunquest to transform your lab to meet today’s complex healthcare challenges and deliver next-level performance. Since 1979, Sunquest has helped laboratories and healthcare organizations enhance efficiency, improve patient care, and optimize financial results. Our capabilities include multi-site, multi-disciplinary support for complex anatomic, molecular and genetic testing, and support engagement with physicians and patients outside the hospitals at the point-of-care. Headquartered in Tucson, AZ with offices in Calabasas, London, Dubai, Bangalore and Brisbane, Sunquest is a global leader in healthcare information technology.
