

 Sunquest  
Analytics™ Visualize your  
lab data for  
quick insights  
into core  
operations to  
take action Proactively Monitor your Lab Operations Sunquest Analytics provides immediate insights into critical areas of the laboratory business by using up-to-the-minute data from Sunquest's core laboratory solutions. The data will be presented in carefully designed visualizations that are easy to navigate, filter and customize, helping a wide range of stakeholders solve existing problems and proactively address or prevent new problems from occurring. ACTIONABLE INSIGHTS

- 
- Key areas of laboratory operations, blood utilization and infectious disease to be supported
  - Redesigned visualizations will focus on fast real-world insights specific to each area
  - Self-service capabilities will enable access to broad data set for custom visualizations and reporting

 CLOUD-BASED SOLUTION

- 
- Secure data custody
  - Easy access to visualizations

 FAST IMPLEMENTATION

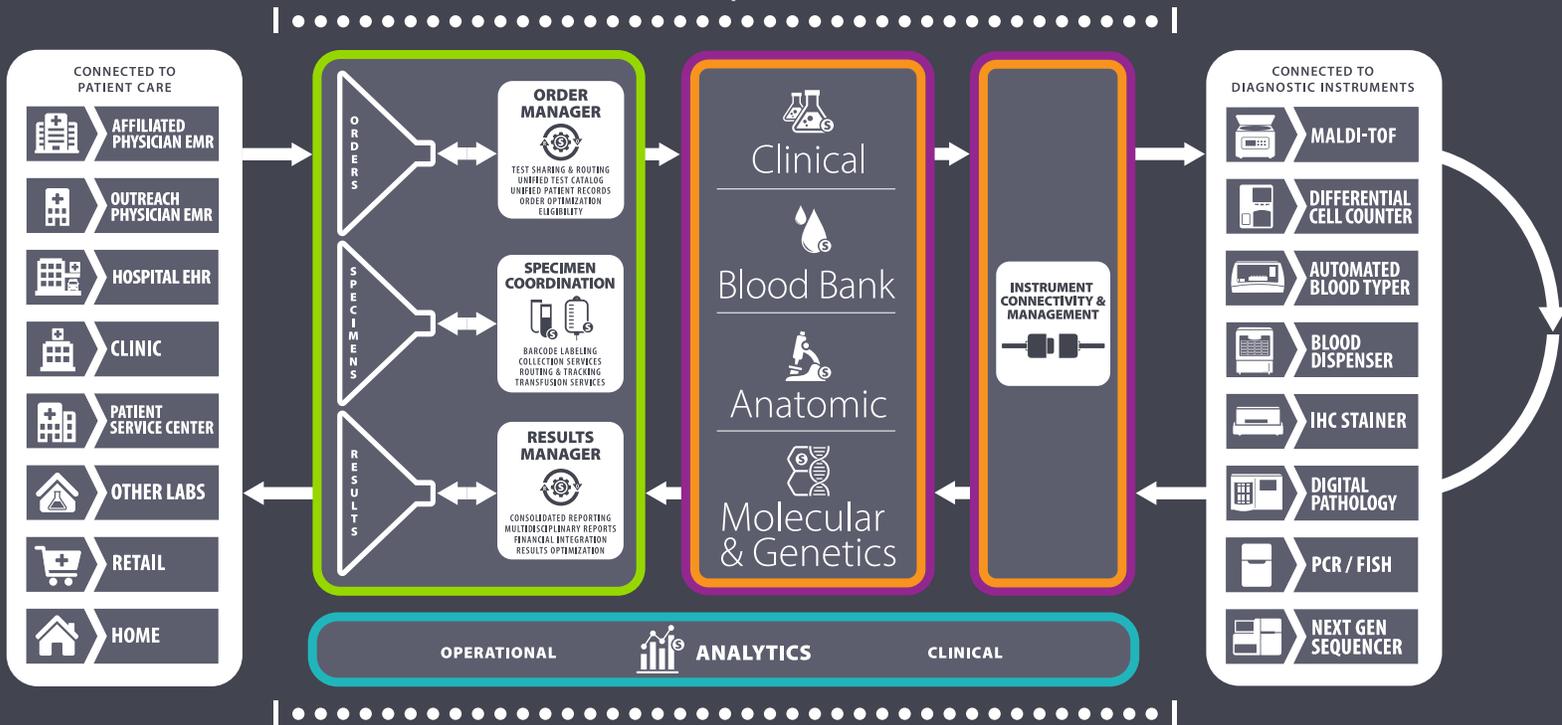

- 
- Optimized for fast performance
  - Browser-based for use on a variety of platforms
  - Easy to use with minimal training

 IMPROVED VALUE

- 
- Low barrier to entry for Sunquest clients
  - Quarterly releases of new features will be provided
  - Planned feature set developed with deep domain expertise in partnership with Sunquest client partners

**Managing the needs of the laboratory cannot and will not ever be a “one size fits all.”**

Sunquest has been a leader in laboratory diagnostic information solutions for 40 years. As the leader, our focus has always been on how we can help each lab do more, connect and work with other systems in and outside of the enterprise, and deliver value not only to patients and physicians, but also to the stakeholders within the healthcare enterprise.

When you combine our wide-ranging technical and operational expertise with an equally deep business acumen, no one is better equipped than Sunquest to transform your lab to address today’s complex healthcare challenges and deliver next-level performance... **and elevate your lab to new heights.**

**About Sunquest • The One delivering labs to new heights**

Sunquest Information Systems Inc. provides diagnostic informatics solutions to laboratories worldwide. With our wide-ranging technical and cross-discipline expertise, and equally deep business acumen, no one is better equipped than Sunquest to transform your lab to meet today’s complex healthcare challenges and deliver next-level performance. Since 1979, Sunquest has helped laboratories and healthcare organizations enhance efficiency, improve patient care, and optimize financial results. Our capabilities include multi-site, multi-disciplinary support for complex anatomic, molecular and genetic testing, and support engagement with physicians and patients outside the hospitals at the point-of-care. Headquartered in Tucson, AZ with offices in Boston, Calabasas, London, Dubai, Bangalore and Brisbane, Sunquest is a global leader in healthcare information technology.
