Establish a closed-loop process

Sunquest Collect is a specimen collection solution that helps enable caregivers to collect specimens from patients quickly, reducing mistakes and minimizing excess paperwork, using any platform.

**FOSTER IMPROVED PATIENT SAFETY**
- Supports Joint Commission's National Patient Safety Goals
- Two patient identifiers for positive patient identification
- Labeling in the presence of the patient
- Reduce mislabeled samples
- Draw order compliance

**DELIVER FASTER TURNAROUND TIMES**
- Decrease turnaround times for routine and ED collections
- Generate lab-ready labels at the bedside
- Minimize relabeling of samples upon receipt to save time and remove error risks

**EASY TO ADOPT AND USE**
- Fast implementation timelines
- On-demand label printing
- Works on PCs, smartphones and tablets
- Requires minimal training

**INDUSTRY PROVEN**
- Used in more than 200 institutions for outpatient and inpatient collections
- Broad adoption by nurses, phlebotomists and other caregivers for more than a decade
Establish a closed-loop process to help improve workflow with practical best practices. This proven solution helps foster a zero-error culture, faster turnaround times, more satisfied clinicians and, most importantly, safer patients.

**IN-HOUSE COORDINATION**

**DEFINE PROTOCOLS**

**IMPROVE WORKFLOW**

**ORGANIZATIONAL EFFICIENCY**

**TURNAROUND TIME SAVINGS**

**IMPROVE PATIENT SAFETY**

**MANAGING PATIENT SAFETY**

Professionals collecting specimens in hospitals are committed to patient safety. Sunquest Collect delivers a safe and comprehensive collection solution through a true closed-loop process that supports information integrity and patient safety as the priority.

**About Sunquest • The One delivering labs to new heights**

Sunquest Information Systems Inc. provides diagnostic informatics solutions to laboratories worldwide. With our wide-ranging technical and cross-discipline expertise, and equally deep business acumen, no one is better equipped than Sunquest to transform your lab to meet today’s complex healthcare challenges and deliver next-level performance. Since 1979, Sunquest has helped laboratories and healthcare organizations enhance efficiency, improve patient care, and optimize financial results. Our capabilities include multi-site, multi-disciplinary support for complex anatomic, molecular and genetic testing, and support engagement with physicians and patients outside the hospitals at the point-of-care. Headquartered in Tucson, AZ with offices in Boston, Calabasas, London, Dubai, Bangalore and Brisbane, Sunquest is a global leader in healthcare information technology.
