Supports the Business of your AP Lab

Sunquest CoPathPlus is a laboratory information system which offers a highly customizable, task-based user experience aimed at satisfying the needs of even the most complex Anatomic Pathology (AP) lab operations, while also keeping a close watch on cost and resource savings, interoperability and improved outcomes.

INTEROPERABILITY FOR BETTER COORDINATED CARE

- Receive orders and updates electronically from EHRs/EMRs or other LISs to help reduce data re-entry and reduce errors
- Transmit PDF reports to simplify physician access
- Integrate with instruments, printers, digital pathology, billing and other LISs

STREAMLINE AND STANDARDIZE WORKFLOW

- Automate ordering task with advanced protocols
- Scan, view and attach documents to support a paperless workflow
- Utilize voice recognition for gross and report dictation

CREATE INTEGRATED SYNOPTIC REPORTS

- Navigate, edit and compile reports following electronic Cancer Checklists (eCCs) via mTuitive CAP eFRMTM/xPert for PathologyTM
- Build custom report templates
- Review and include clinical, molecular and genetic testing results in reports
- Access rapid case sign-out options

QUALITY AND COMPLIANCE

- Utilize comprehensive QC flagging and reporting
- Facilitate case correlations
- Review management reports for exceptions
- Configure tracking locations & automate routing
- Meet NAACCR reporting requirements
Sunquest CoPathPlus was designed by pathologists for pathologists. Dedicated to the AP lab, Sunquest CoPathPlus helps to drive greater workflow efficiency, turnaround and patient outcomes, with a vision towards the future with integration of digital pathology, molecular testing, and more.

MAXIMIZE INTEROPERABILITY

OPTIMIZED WORKFLOWS

STREAMLINE REPORTING

ADOPT PATHOLOGY INNOVATIONS

AID COMPLIANCE AND ACCREDITATION

IMPROVE CARE COORDINATION

Improve care coordination
- Connect with your enterprise EHR/EMR or clinical LIS
- Send reports to enterprise EHR or physician EMR
- Integrate with Sunquest Laboratory™, Sunquest Mitogen™ and Sunquest VUE™ solutions

About Sunquest • The One delivering labs to new heights
Sunquest Information Systems Inc. provides diagnostic informatics solutions to laboratories worldwide. With our wide-ranging technical and cross-discipline expertise, and equally deep business acumen, no one is better equipped than Sunquest to transform your lab to meet today’s complex healthcare challenges and deliver next-level performance. Since 1979, Sunquest has helped laboratories and healthcare organizations enhance efficiency, improve patient care, and optimize financial results. Our capabilities include multi-site, multi-disciplinary support for complex anatomic, molecular and genetic testing, and support engagement with physicians and patients outside the hospitals at the point-of-care. Headquartered in Tucson, AZ with offices in Boston, Calabasas, London, Dubai, Bangalore and Brisbane, Sunquest is a global leader in healthcare information technology.
