Optimize and manage complex clinical labs
Sunquest Laboratory is a proven, market-leading laboratory information solution designed to help multi-disciplinary labs manage complex workflows, and deliver accurate, efficient and reliable results to physicians and clinicians via an integrated, closed-loop diagnostic informatics system.

ENABLE CLINICAL VALIDATION
- Queue tests for review and interpretation automatically
- Web-based GUI enables remote secondary reviews from nearly any location or device

INTEGRATED BLOOD BANK
- End-to-end integrated processes, from specimen collection to blood product administration
- Expanded Electronic Crossmatch capabilities improve efficiency and can help reduce blood product inventory costs

OPTIMIZE LABORATORY OPERATIONS
- Track and route bar-coded specimens across the network using SMART with Advanced Accessioning
- Lower total cost of ownership with server virtualization

GROW CAPACITY AND OUTREACH
- Leverage resources and optimize capacity to grow laboratory business
- Provide connectivity to community-based providers
Sunquest Laboratory is the core engine of your organization's laboratory operations, with comprehensive laboratory workflows and functionality that helps you provide the service, information and value to support the healthcare community and delivery of care. The integrated laboratory information system (LIS) comprises microbiology, molecular, general laboratory (clinical and anatomic pathology) and blood bank.

MAXIMIZED INTEROPERABILITY  ACCELERATE BUSINESS GROWTH  SUPPORT CLINICAL VALIDATION

OPTIMIZED WORKFLOWS  ENHANCE SECURITY  IMPROVE PATIENT SAFETY

Comprehensive Lab Solution
The speed and versatility of the Sunquest Laboratory solution streamlines workflow and enables personnel to easily access patient and result information, generate custom reports and address physicians’ needs for comprehensive integration.

About Sunquest • The One delivering labs to new heights
Sunquest Information Systems Inc. provides diagnostic informatics solutions to laboratories worldwide. With our wide-ranging technical and cross-discipline expertise, and equally deep business acumen, no one is better equipped than Sunquest to transform your lab to meet today’s complex healthcare challenges and deliver next-level performance. Since 1979, Sunquest has helped laboratories and healthcare organizations enhance efficiency, improve patient care, and optimize financial results. Our capabilities include multi-site, multi-disciplinary support for complex anatomic, molecular and genetic testing, and support engagement with physicians and patients outside the hospitals at the point-of-care. Headquartered in Tucson, AZ with offices in Boston, Calabasas, London, Dubai, Bangalore and Brisbane, Sunquest is a global leader in healthcare information technology.
